Your trusted travel agency with 30 years of experience

Marine Travel boasts 30 years of experience in managing travel for maritime personnel and those with a valid seaman's book. Our expert team offers fast, customized solutions, ensuring optimal cost management. We use dedicated seamen fares, granted by major airlines, allowing flexible changes and refunds. For personnel without a seaman's book, we offer business and premium fares at the best available conditions. MTH24 handles hotel bookings, airport transfers, train tickets, bus and ferry tickets, and car rentals, trusted by prestigious companies.

Account Manager

We believe that constant communication with clients is key to successful, efficient, and productive cooperation. Therefore, consulting is the primary focus for Marine Travel. Our consultants will assist you at every stage of your relationship with the agency, guiding you on the best methods to achieve your desired results.

HOW WE WORK

The Account Manager will always be at your disposal to respond to your needs, monitor all aspects of your business, support you in streamlining expenses, and organizing the work of those responsible for travel bookings. They will advise you on strategies to implement in your relationships with suppliers, the choice of communication tools, and the solutions to adopt in order to achieve savings goals for travel and management processes.

Statistics & Reports

MTH24 is pleased to offer its clients the opportunity to consult detailed statistics regarding travel undertaken and expenses incurred. These statistics can be analyzed based on destinations, airlines used, booked classes, and applicable fares. With this information, the company's Travel Manager will be able to monitor the actual application of the Travel Policy and assess the savings achieved.

Additionally, the Travel Manager can identify the most advantageous conditions for their company and, with the support of the agency's Account Manager, obtain dedicated rates from various airlines or specific conditions based on their needs and the volume of traffic generated. This service enables the optimization of business travel management, ensuring accurate expense control and effective planning for future trips.
